6 oz. Germantown

Weave 29 regular squares and 40 junior squares. Assemble first in two parts as shown in diagram. Make the body first. Stitch sleeves on machine, several times, as indicated by heavy lines. Pick up 32 st on other end of sleeves K2-P2 for 1″ (2 rows of a contrasting color may be knitted in to form a stripe in center of cuff). Sew ½ collar onto neck starting at A to center front, starting at center front sew other ½ collar around to B. Starting at C crochet 1 row SC up to B making loops for buttons at points indicated by dots. Continue SC around outside of collar to A. Cut surplus off sleeves and sew on starting at points indicated by arrows. Assemble pants as shown in diagram. Sew sides E and F together between dots and sides G and H between dots. Sew in extra square as indicated by arrows to form crotch. Pick up 48 st at bottom of each leg K2-P2 for 1″. If contrasting strip is used in sleeve cuff may also be used in leg band. Pick up 48 st at back half of pants K2-P2 for 2″. Sew pants to top starting at K and ending at J. The squares will not match, but belt will cover this. Make belt by folding 2 pieces of 3 junior squares each in half the long way and crocheting 1 row SC around outside. Making button loop on one end of one half by chaining 3. Tack ½ belt on at K and ½ on at J. Sew buttons on back and belt. Embroider bunny on front, a pompon may be sewed on for bunny's tail. Press well.

EQUIPMENT AND MATERIALS

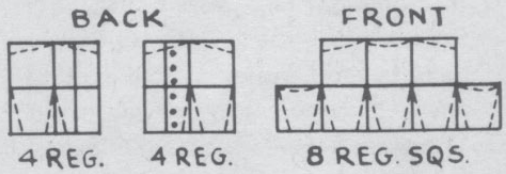
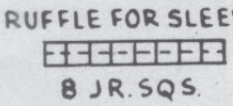
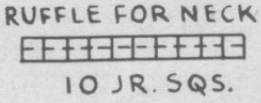
- 1 Weave-It 4"
- 1 Weave-It 2"
- 3 1-oz. Balls Pink Shetland
- 1 ½ oz. Ball Blue Shetland
- 6 Buttons

Weave 62 regular squares and 26 Junior squares. Assemble as shown in diagram. Fold back half squares in middle back (indicated by dark lines). Whip down. Leave open 2 squares in middle back for dress opening. Stitch darts in back and fronts as shown by dotted lines. Sew up underarm side seams. Stitch sleeves as indicated by dotted lines. Stitch again close to seam and cut off edges. Sew sleeve in blouse holding fullness across top. Sew sides and sleeve up, gathering bottom of sleeve to fit. Stitch as shown by dotted lines in sleeve and neck ruffle. Stitch several times to prevent raveling. Cut through the middle and use each half for ruffles. Gather sleeve ruffle to fit sleeve. Sew onto sleeve and whip down the edges with needle and thread. Stitch the neck into shape (as shown by dotted lines), making a round neck. Turn back a small seam and whip down. Sew ruffle on neck same as sleeve. Gather the top of skirt to fit waist line. Sew up edges. Sew blouse onto skirt. Sew buttons on blouse as shown (6 dots) in diagram. Sew on snaps for fastening. Press on wrong side with damp cloth.







Helpful Suggestions

JOINING OF SQUARES:

Hold two squares together matching opposite ends, (long end left from weaving on right side starting end on left side) with the end left from weaving, sew over and over into interlocking loops. Repeat across the square. Tie a slip knot when ending. Leave yarn on left side. Sew in strips then join the strips. Reverse strips and use wool left from sewing squares together, and sew same as matching single squares. Run all loose ends down an inch on wrong side. If yarn is thick split the yarn before finishing ends. When using new yarn for sewing tie a slip knot when starting. Note that the dotted lines, check marks and dark lines indicate seams and darts. The size of darts is governed by the size of individual to be fitted. All darts and seams may be stitched by machine. Stitch again beyond seams before cutting away edges. This prevents raveling. In making a garment the separate parts may be pressed with damp cloth and hot iron before joining.

TO CROCHET AND KNIT:

When crocheting around squares draw stitches only through the loops. In turning corners make two stitches in same loop and on each side of corner.

When picking up stitches for knitting be careful not to pull loops. With yarn from ball of wool take needle and put each stitch through the loops. When the stitches are picked up start the purling.

CROSS-STITCH:

Bring the needle to the right side between four threads of the square. Skip two threads both horizontally and vertically to the right and take to the wrong side. Skip two threads to the left horizontally and bring to right side. Skip two threads horizontally and vertically to the right and below and take to wrong side. This completes one cross-stitch and stands for one square on the diagram.

In cross-stitching all the stitches that are contiguous and of the same color in a vertical row should be made, then they should be crossed and the next to that should be made. Where the blocks are sewed together the space required for the seam and one thread of the square is equal to a mesh for cross-stitching.
